ABOUT US

A Common Word Among Youth (ACWAY) is a global youth movement which brings together young people from a multitude of backgrounds to increase understanding of different cultures and faiths, promote peace and coexistence, by delivering local community activities.

The ACWAY approach consists of:

1. Selection and training of young people from around the world **representing different religions and cultures** to become advocates of co-existence and religious harmony
2. Organisation of international forums **to provide opportunities for the young people to network** and present their projects and activities to the international community
3. Grass-root activities delivered by the young people on **co-existence and inter-faith relations**
4. **An online social media platform** for the young people to interact and showcase their projects and activities.

HEAR FROM OUR FELLOWS!

“ACWAY gave me a global family. The conversations stayed with me, the friendships feel permanent, and I’m leaving with a real sense of hope for what young people can build together when given the space to connect.” - ***Rishini, 2026 Fellow from India***

“This forum helped me look within and understand myself better. It gave me hope and showed me that the world isn’t doomed and that young people like me can actually make a difference.” - ***Azizkhon, 2026 Fellow from Uzbekistan***

“One conversation that stayed with me was with a Friend from a completely different faith and cultural background and we talked late into the evening about our personal journeys into peacebuilding, and despite our differences, I realized how similar our hopes for the world really are. That moment captured exactly what ACWAY is about.” - ***Anonymous***
